MEMORANDUM

To: Stearns Townships and Cities
From: Jake Pidde, Stearns County Assessor
Re: Property Viewing
Date: September 22, 2020

Hello City and Township officials - I am sending you this memo to let you know that beginning the week of September 28th our staff appraisers will be going out into the field to begin viewing all new construction and callbacks (previously identified construction) throughout the county. This will be an ongoing process and will last into the new year.

Prior to this we will be sending postcards out to all residential and seasonal property owners whose property we plan to view and who have a permit or callback on file. This will be done in multiple mailings over the next few months.

Due to COVID-19 health risks we are trying to minimize our presence on the property. Staff will be wearing their normal identification in addition to CDC personal protective equipment and will adhere to social distancing. During our visit we'll simply knock on the door and begin with the exterior inspection, no card will be left.

We want you to be aware of this as you may hear from some property owners. Please pass this along as needed to any of your staff and officials.

Thank you and if you have any questions feel free to let us know.
